

DOST AI App Policies

1. Privacy Policy

Effective Date: December 6, 2025 **Last Updated:** December 6, 2025

This Privacy Policy explains how mynomadshop ("we," "us," or "our") handles information in relation to our mobile application, DOST AI (the "Service"), a generative AI chatbot focused on innovation, learning, and creation.

A. Information We Collect

We have designed DOST AI to be an anonymous service that stores chat history locally on your device. We do not require accounts, passwords, or email addresses.

1. Information You Provide Directly

We only collect the following data points, which are optional and used solely for enhancing the personalization of the chatbot's responses:

- **Name**
- **Profession**
- **Interest**

2. Information Collected Automatically

- **Usage Data:** Information about how you use the Service, such as the features you access, the duration of your sessions, and internal performance metrics.
- **Device Information:** Information about your mobile device, including the device type, operating system, and unique device identifiers (like the Advertising ID, which is subject to user consent).
- **Log Data (Processing/Sharing):** Information recorded when you initiate a chat. This includes your Internet Protocol ("IP") address and the text/data of your prompts ("Input"), which is **immediately transmitted to the underlying third-party AI model provider for processing** to generate the chat response ("Output").

- **Analytics Data:** Data collected via third-party analytics (e.g., Firebase) to understand general usage trends and app stability.

B. Chat Data Handling

mynomadshop does not collect, store, or retain your chat history (Input or Output) on our servers.

- **Processing:** Your Input is sent to the AI model provider solely for the purpose of generating the Output. We ensure that our arrangement with the AI provider prioritizes user privacy.
- **Local Storage:** Your chat history is saved directly on **your device** only, and you are responsible for its management and deletion from your device.

C. How We Use Your Information

We use the collected information for the following purposes:

1. **Personalization:** Your Name, Profession, and Interest are used locally to tailor the chatbot's responses to your specified preferences and focus areas ("Innovate•Learn•Create").
2. **App Functionality:** The Input is used to retrieve the necessary Output from the AI model provider.
3. **Security and Stability:** Device Information and Usage Data are used to monitor the Service's stability, prevent technical issues, and ensure compliance with our security policies.
4. **Analytics:** To monitor and analyze non-identifying trends and activities to improve the performance and user experience of DOST AI.

D. Data Retention and Deletion

- **Developer Retention:** Since we do not require accounts or store chat logs, we do not retain the vast majority of personal data or chat history. We only retain anonymized usage data and IP addresses temporarily for security monitoring and stability analysis.
- **Chat History Deletion:** Since all chat history is stored locally on your device, deleting the history or uninstalling the DOST AI app will remove that data.

E. Data Sharing

We do not sell any information. We share data only as necessary for the Service to function:

1. **AI Model Provider:** Input (the prompt you type) is shared with the third-party AI provider for processing.
2. **Service Providers:** Usage and Device data are shared with analytics and crash reporting providers.

F. Children's Privacy

The DOST AI Service is intended for users who are **13 years of age or older**.

G. Contact Us

If you have any questions about this Privacy Policy or the DOST AI Service, please contact us:

- **Email:** thenomadclothing@gmail.com
-

2. Terms of Service

A. Governing Law

These Terms and the use of the DOST AI Service shall be governed by and construed in accordance with the laws of **Pakistan**. Any disputes arising shall be subject to the exclusive jurisdiction of the courts located in **Pakistan**.

B. Eligibility

You must be at least **13** years old to use the Service. Since the app is anonymous, you assume all risk and responsibility for any data you choose to input.

C. User Content and Disclaimer

- **Local Responsibility:** You acknowledge that your chat history is stored only on your local device. You are solely responsible for managing and protecting this local data.
- **AI-Generated Content and Accuracy:** As stated previously, the Output may contain errors. You must not rely on the Output as factual information or professional advice.
- **Prohibited Conduct:** You agree not to use DOST AI to generate content that violates Google Play policies or infringes on the intellectual property of mynomadshop (e.g., replicating the UI).

D. No Warranty

The Service is provided on an "AS IS" and "AS AVAILABLE" basis. We offer no warranty regarding the uptime, accuracy, or suitability of the Service.
